Introduction

The Immigration and Naturalization Service's 1982 Statistical Yearbook contains a number of improvements over previous yearbooks. These improvements include a new format, additional tables, and background information concerning the data.

The major format change for the yearbook involves the ordering of tables. Eight subject groups, each with a unique alphabetic prefix, have been established to cover all types of data included in the report. These groups are presented as follows:

- | | |
|------------------------------|--|
| ● Immigrants (IMM) | ● Enforcement (ENF) |
| ● Refugees (REF) | ● Entries (ENT) |
| ● Nonimmigrants (NIM) | ● Litigation/legal activity (LIT) |
| ● Nationality (NAT) | ● Legislation (LEG) |

Within these eight areas, tables are arranged so that similar variables are grouped in sections. For example, demographic variables such as age, sex, and marital status generally constitute a section.

Immigrant tables not included in the 1980 and 1981 yearbooks due to missing data are available for 1982 immigrants and have been included in the 1982 publication. These tables include sex, marital status, occupation, and country of last residence. Additionally, the refugee section has been expanded with five new tables, covering refugee applications filed at INS overseas offices as well as refugee arrivals into the United States.

The appendix contains background information relevant to the various tables in the publication. The glossary of immigration terms, which was first published in the 1981 Statistical Yearbook, and a section on sources of data are included as background material. The data source section cites the basic documents from which INS data are extracted.

Immigrant Visa Allocation System

The 1982 immigration visa allocation system is described in the chart listed on the next page. Most of the terms used in the chart are described in more detail in the glossary.

Immigrant Visa Allocation System

Numerically Limited Immigrants (270,000)

Preference	Groups Include	Percentage and Number of Visas
First	Unmarried sons and daughters of U.S. citizens and their children	20% or 54,000
Second	Spouses and unmarried sons and daughters of permanent resident aliens	26% or 70,200*
Third	Members of the professions of exceptional ability and their spouses and children	10% or 27,000
Fourth	Married sons and daughters of U.S. citizens, their spouses and children	10% or 27,000*
Fifth	Brothers and sisters of U.S. citizens (at least 21 years of age) and their spouses and children	24% or 64,800*
Sixth	Workers in skilled or unskilled occupations in which laborers are in short supply in the United States, their spouses and children	10% or 27,000
Nonpreference	Other qualified applicants	Any numbers not used above*

* Numbers not used in higher preference may be used in these categories.

Legislation Affecting Immigration in 1982

Four recent legislative initiatives which affected immigration in fiscal year 1982 are described below.

1) Refugee Act of 1980 - March 17, 1980

This act eliminated the conditional entry of refugees under the seventh preference category. Visa numbers allocated to the seventh preference (6 percent of the total) were added to the second preference (spouses and unmarried sons and daughters of lawful permanent residents). Refugees issued seventh preference visas in fiscal year 1980, however, continued to enter the United States in fiscal year 1981. The majority of refugees who adjusted in fiscal year 1982 entered under new procedures established by the 1980 act. Under the existing refugee legislation, all refugees adjusting to immigrant status are exempt from numerical limitation.

2) International Security and Development Cooperation Act of 1981 - December 16, 1981

This legislation formally recognized Taiwan as an independent country for immigration purposes. As a result, separate annual limitations of 20,000 visas were established for Taiwan and mainland China, effective January 1, 1982.

3) Immigration and Nationality Act Amendments of 1981 - December 29, 1981

The amendments of 1981 established new immigrant classifications for certain foreign medical graduates, investors, and their families.

In order to qualify as a physician under the 1981 amendments, an alien must have been (1) graduated from a medical school or be qualified to practice medicine in a foreign state; (2) licensed to practice medicine fully in a U.S. state on January 9, 1978, and practicing in a state on that date; (3) continuously present in the United States in practice or study of medicine since the time of entry; and (4) entered as an "H" or "J" alien before January 10, 1978.

In order to qualify as an investor under the 1981 amendments, an alien must (1) meet the criteria for a nonpreference immigrant; (2) be exempt from labor certification because of investment in an enterprise which employs at least one U.S. citizen or lawful permanent resident; and (3) have applied for adjustment of status on or before June 1, 1978.

Qualifying foreign medical graduates and investors are exempt from numerical limitations. The act, however, specified that if the number of visas issued to numerically limited immigrants plus those issued to foreign medical graduates and investors exceed the annual numerical limits set on immigration to the United States--600 for dependencies, 20,000 for independent countries, and 270,000 worldwide--the exceeded limits will be reduced by the amount of the excesses in the following year.

4) Virgin Islands Nonimmigrant Alien Adjustment Act of 1982 - September 30, 1982

This amendment to the Immigration and Nationality Act established a new immigrant classification for certain nonimmigrant workers and their families who entered the Virgin Islands. In order to qualify, workers must have (1) entered the Virgin Islands as "H" worker aliens; and (2) resided continuously in the Virgin Islands since June 30, 1975.

Issues Concerning Data

Data processing problems resulted in incomplete information on immigrants admitted to the United States in fiscal years 1980 - 1982 and incomplete nonimmigrant information for fiscal years 1979 - 1982. Other data issues involving foreign state of chargeability and the nonpreference class of admission for immigrants are discussed below.

1) Immigrants

Missing Immigrant Data: Records missing from the immigrant statistical files for fiscal years 1980 - 1982 were reconstructed from an administrative data file on immigrants. This separate file was complete for all years but did not contain the following variables which were available in the statistical system:

- Sex
- Marital status
- Occupation
- Nationality
- Country of last residence
- State and area of intended residence
- District of intended residence
- Nonimmigrant class of initial admission and date of entry for adjustment cases

Since these variables were not available for the entire 1980 and 1981 immigrant cohorts, tabulations routinely published involving these variables did not appear in the 1980 and 1981 yearbooks. Historical tables involving these variables are left blank in the 1982 yearbook. The number of missing records in 1982 represents only 3.6 percent of total immigrant entries. Because the database is largely complete, all immigrant tables are published. The exact number of missing records is printed in each table.

Foreign State of Chargeability: Foreign state of chargeability has been derived from country of birth for 10,732 of the 259,749 immigrants subject to numerical limitation. As a result, immigrants chargeable to certain countries or dependencies (for example, Hong Kong) are overstated since some persons born in oversubscribed countries would have been charged to the country of birth of an accompanying family member for which visa numbers were immediately available.

Amended Nonpreference Data: The table showing historical immigration by class (IMM 1.5) has been amended for fiscal years 1980 and 1981. Immigrants who were listed as entering under the nonpreference category are now correctly listed as qualifying under the recaptured Cuban number program. No visas have been issued for the nonpreference category since fiscal year 1978.

Data on China and Taiwan: The total number of immigrant entries charged to mainland China was 25,743. The reason that China appears to be oversubscribed stems from the recognition of Taiwan beginning January 1, 1982. Entries from Taiwan beginning in the second quarter were mistakenly coded as charged to mainland China. The total for mainland China, therefore, includes some lawful permanent residents who should actually be charged to Taiwan.

2) Nonimmigrants

Missing Nonimmigrant Data: Data on nonimmigrants are not available for July to September 1979 (the fourth quarter of fiscal year 1979) and fiscal year 1980. For fiscal years 1981 and 1982, country of last residence and class of admission are the only statistical variables for which data are available.

REF 1.1

REFUGEE AUTHORIZED ADMISSIONS, APPROVALS, AND ARRIVALS
BY GEOGRAPHIC AREA OF CHARGEABILITY
FISCAL YEAR 1982

GEOGRAPHIC AREA OF CHARGEABILITY	REFUGEES

TOTAL	140,000	61,527	93,252
Africa	3,500	4,198	3,259

¹Authorized admissions are the maximum number of refugees allowed to enter the United States in a fiscal year, as directed by the President according to P.L. 96-212.

²Approvals are the number of refugees approved for admission to the United States, by INS overseas offices, during the fiscal year. INS approval indicates that the refugee has been found eligible for entry to the United States. However, actual entry to the U.S. is dependent upon the availability of a refugee number for the specified area of chargeability. If no number is available, the refugee cannot enter the U.S. at that time, but must wait until a number is available. Therefore, approvals may exceed the authorized admissions, whereas, actual admissions by geographic area of chargeability may not exceed the authorized admission figures.

³Arrivals are the number of refugees INS has initially admitted through ports of entry during the fiscal year. Arrival data are collected by nationality, not country of chargeability, which accounts for the "stateless" category.

Glossary

Acquired Citizenship - Citizenship conferred at birth on children born abroad to a citizen parent(s).

Adjustment to Immigrant Status - Procedure allowing certain aliens already in the United States to apply for immigrant status. Aliens admitted to the United States in a nonimmigrant or other capacity may have their status changed to that of lawful permanent resident if they are eligible to receive an immigrant visa as a permanent resident and an immigrant visa is immediately available. In such cases, the alien is counted as an immigrant as of the date of adjustment, even though the alien may have been in the United States for an extended period of time.

Alien - Any person not a citizen or a national of the United States.

Alien Address Report Program - A now-defunct annual registration program for aliens. Until P.L. 97-116 (Act of 12/29/81) eliminated the stipulation, all aliens in the United States were required to register with the Immigration and Naturalization Service each January. Nationality and state of residence data were compiled annually on the alien population reporting under the program. The last year for which data are available is 1980.

Apprehension - The arrest of a deportable alien by the Immigration and Naturalization Service. Each apprehension of the same alien in a fiscal year is counted separately.

Area Control - Enforcement operations conducted by the Immigration and Naturalization Service's Investigations Division to locate and apprehend aliens illegally in the United States. Area Control surveys focus on places of employment where illegal aliens are concentrated.

Asylee - An alien in the United States or at a port of entry unable or unwilling to return to his or her country of nationality, or to seek the protection of that country because of persecution or a well-founded fear of persecution. Persecution or the fear thereof may be based on the alien's race, religion, nationality, membership in a particular social group, or political opinion. For persons with no nationality, the country of nationality is considered to be the one in which the alien last habitually resided. Asylees are eligible to adjust to lawful permanent resident status after one year of continuous presence in the U.S. These immigrants are exempt from the numerical limitation of 270,000. However, the I&N Act stipulates that only 5,000 asylees can adjust per fiscal year.

Beneficiaries - Those aliens who receive immigration benefits from petitions filed with the U.S. Immigration and Naturalization Service. Beneficiaries generally derive privilege or status as a result of their relationship (including that of employer-employee) to a U.S. citizen or lawful permanent resident.

Border Crosser - An alien or citizen resident of the United States reentering the country across land borders after an absence of less than six months in Canada or Mexico, or a nonresident alien entering the United States across the Canadian border for stays of no more than six months or across the Mexican border for stays of no more than 72 hours, or a U.S. citizen residing in Canada or Mexico who enters the United States frequently for business or pleasure.

Border Patrol Sector - Any one of 21 geographic areas into which the United States is divided for the Immigration and Naturalization Service's Border Patrol activities. Of the 21 sectors, all but one are located along the northern and southern borders of the United States.

Certificate Of Citizenship - Identity document proving U.S. citizenship. Certificates of citizenship are issued to derivative citizens and to persons who acquired U.S. citizenship (see definitions for acquired and derivative citizenship).

Child - An unmarried person under 21 years of age who is: a legitimate child; a stepchild provided that the child was under 18 years of age at the time that the marriage creating the stepchild status occurred; a legitimated child provided that the child was legitimate while in the legal custody of the legitimating parent; an illegitimate child (has only one possible parent, the mother); a child adopted while under 16 years of age who has resided since adoption in the legal custody of the adopting parents for at least 2 years; or an orphan, under 16 years of age, who has been adopted abroad by a U.S. citizen or has an immediate relative visa petition submitted in his/her behalf and is coming to the United States for adoption by a U.S. Citizen.

Country of Former Allegiance - The previous country of citizenship of a naturalized U.S. citizen or of a person who derived U.S. citizenship.

Country of Last Residence - The country in which an alien habitually resided prior to entering the United States.

Crewman - A foreign national serving in any capacity on board a vessel or aircraft. Crewmen are admitted for twenty-nine days, with no extensions. Crewmen required to depart on the same vessel on which they arrived are classified as D-1's. Crewmen who depart on a different vessel than the one on which they arrived are classified as D-2's.

Crewman Technical (or Nonwillful) Violator - Any crewman who through no fault of his or her own remains in the United States more than 29 days (e.g., a crewman hospitalized beyond the 29-day admission period).

Cuban/Haitian Entrant - Status accorded 1) Cubans who entered the United States illegally between April 15, 1980 and October 10, 1980 and 2) Haitians who entered the country illegally prior to January 1, 1981.

Declaration of Intention - Form once filed by a lawful permanent resident as the first step toward naturalization. After three years residence as an immigrant, the alien could file an application indicating his/her intention to naturalize. A declaration of intention has not been required of all applicants for naturalization since 1952. However, an immigrant may need to file the form for employment purposes.

Departure Under Safeguards - An illegal alien's departure from the United States, when that departure is physically observed by an Immigration and Naturalization Service official.

Deportable Alien - An alien in the United States subject to any of the 19 grounds of deportation specified in the Immigration and Nationality Act. This includes any alien illegally in the United States, regardless of whether the alien entered the country illegally or entered legally but subsequently violated the terms of his or her visa.

Deportation - The formal removal of an alien from the United States when the presence of that alien is deemed inconsistent with the public welfare. Deportation is ordered by an Immigration Judge without any punishment being imposed or contemplated. Data for a fiscal year cover the deportations verified during that fiscal year. Airlines, ship companies, or port officials provide the Immigration and Naturalization Service with the departure data on aliens who are deported.

Derivative Citizenship - Citizenship conveyed to children through the naturalization of parents or, under certain circumstances, to spouses of citizens at or during marriage.

District - Any one of thirty-five geographic areas into which the United States and its territories are divided for INS field operations or one of three overseas offices located in Rome, Bangkok or Mexico City. Operations are supervised by a District Director located at a District Office within the District's geographic boundaries.

Exclusion - The formal denial of an alien's entry into the United States. The exclusion of the alien is made by an Immigration Judge after an exclusion hearing. Data for a fiscal year cover the exclusions verified during that fiscal year. Airlines, ship companies, or port officials provide the Immigration and Naturalization Service with the departure data on aliens who are excluded.

Exempt From Numerical Limitations - Those aliens accorded lawful permanent residence who are exempt from the provisions of the preference system set forth in immigration law. Exempt categories include immediate relatives of U.S. citizens, refugees, special immigrants, and certain other immigrants.

Expatriation - The loss of citizenship as a result of a formal transference of loyalties to another country. The tables included in this report only delineate naturalized citizens who have notified the Department of State of their expatriation.

Files Control Office - An INS field office--either a District (including INS overseas offices) or a suboffice of that District--where alien case files are maintained and controlled.

Fiscal Year - The twelve-month period beginning October 1 and running through September 30. Prior to FY 1977, the fiscal year ran from July 1 through June 30. (For earlier fiscal year date changes, see note in table Imm 1.2.)

Foreign Medical School Graduate - An immigrant who has graduated from a medical school or has qualified to practice medicine in a foreign state, who was licensed and practicing medicine on January 9, 1978, and who entered the United States as a nonimmigrant on a temporary worker or exchange visitor visa before January 10, 1978. The alien must meet the requirements set forth in P.L. 97-116, the Act of 12/29/81, in order to qualify for this immigrant classification. These immigrants and their spouses and children are exempt from the numerical limitation of 270,000. However, if the sum of these immigrant classes plus the investor immigrant classes plus the numerically restricted classes exceeds the limitations (for a dependency, an independent country, or worldwide) in any fiscal year, the respective limitation of that area is reduced by that excess for the following year.

Foreign State of Chargeability - The independent country to which an immigrant entering under the preference system is accredited. Independent countries cannot exceed 20,000 immigrants in a fiscal year. Dependencies of independent countries cannot exceed 600 of the 20,000 limit. Chargeability is usually determined by country of birth. Exceptions are made to prevent the separation of family members when the limitation for the country of birth has been met.

General Naturalization Provisions - The basic requirements for naturalization that every applicant must meet, unless a member of a special class. General provisions require an applicant to be at least 18 years of age, a lawful permanent resident with five years of continuous residence in the United States, and to have been physically present in the country for half that period.

Geographic Area of Chargeability - Any one of five regions--Africa, East Asia, Latin America and the Caribbean, Near East and South Asia, and the USSR and Eastern Europe--into which the world is divided for the initial admission of refugees to the United States. Annual consultations between the Executive Branch and the Congress determine the number of refugees that can be admitted to the United States from each area.

Hemispheric Ceilings - Statutory limits on immigration to the United States in effect from 1968 to October 1978. Mandated by the Immigration and Nationality Act Amendments of 1965, the ceiling on immigration from the Eastern Hemisphere was set at 170,000, with a per-country limit of 20,000. Immigration from the Western Hemisphere was held to 120,000, without a per-country limit, until January 1, 1977. The Western Hemisphere then was subject to a 20,000 per-country limit.

Immediate Relatives - Certain immigrants who because of their close relationship to U.S. citizens are exempt from the numerical limitations imposed on immigration to the United States. Immediate relatives are: spouses of citizens, children (under 21 years of age) of citizens, parents of citizens 21 years of age or older, and orphans adopted by U.S. citizens who are at least twenty-one years of age.

Immigrant - An alien admitted to the United States as a lawful permanent resident. Immigrants are those persons lawfully accorded the privilege of residing permanently in the United States. They may be issued immigrant visas by the Department of State overseas or adjusted to permanent resident status by INS in the United States.

Investor - An immigrant who is present in the United States and who, on or before June 1, 1978, qualified as a nonpreference immigrant because the alien had invested capital (before June 1, 1978) in a business in the U.S. in which the alien was one of the principal managers, and had applied for adjustment to lawful permanent resident status. These immigrants and their spouses and children are exempt from the numerical limitation of 270,000. However, if the sum of these immigrant classes plus the foreign medical graduate classes plus the numerically restricted classes exceeds the limitations (for a dependency, an independent country, or worldwide) in any fiscal year, the respective limitation of the area is reduced by that excess for the following year.

Labor Certification - Requirement falling on 1) those persons whose immigration to the United States is based on job skills (third, sixth and nonpreference immigrant categories) and 2) nonimmigrant temporary workers (H-2's) coming to perform services unavailable in the United States. Labor certification is awarded by the Secretary of Labor when there are insufficient numbers of U.S. workers available to undertake the employment sought by an applicant and when the alien's employment will not have an adverse effect on the wages and working conditions of U.S. workers similarly employed. Determination of U.S. labor availability is made at the time of a visa application and at the location where the applicant wishes to work.

Median Age - The age which divides the population into two equal-sized groups, one younger and one older than the median.

Nationality - The country of a person's citizenship.

Naturalization - The conferring, by any means, of nationality upon a person after birth.

Naturalization Court - Any court authorized to award U.S. citizenship. Jurisdiction for naturalization has been conferred upon the following courts: U.S. District Courts in all states, the District of Columbia and Puerto Rico; the District Courts of Guam and the Virgin Islands; and state courts. Generally, naturalization courts are authorized to award citizenship only to those persons who reside within their territorial jurisdiction.

Naturalization Petition - The form used by a lawful permanent resident to apply for U.S. citizenship. The petition is filed with a naturalization court through the Immigration and Naturalization Service.

New Arrival - A lawful permanent resident alien who enters the United States at a port of entry. The alien is generally required to present an immigrant visa, issued outside the United States by a consular officer of the Department of State. Three classes of immigrants, however, need not have an immigrant visa to enter the United States--children born abroad to lawful permanent resident aliens, children born subsequent to the issuance of an immigrant visa to accompanying parents, and American Indians born in Canada.

Nonimmigrant - An alien who seeks temporary entry to the United States for a specific purpose. The alien must have a permanent residence abroad and qualify for the nonimmigrant classification sought. Nonimmigrants include: foreign government officials, officials and employees of international organizations, visitors for business and pleasure, crewmen, students, trainees, temporary workers of distinguished merit and ability, and temporary workers who perform services unavailable in the United States. Refugees also are considered nonimmigrants when initially admitted to the United States.

Nonpreference Category - Visa numbers not used in any of the first six categories of the preference system. Nonpreference visas are available to any applicant not entitled to one under the other preferences. Nonpreference numbers have been unavailable since September 1978 because of high demand in the preference categories.

Occupation - For an alien entering the United States or adjusting without a labor certification, occupation refers to the employment held in the country of last or legal residence or the United States. For an alien with a labor certification, occupation is the employment for which certification has been issued. Labor certification would be issued to third, sixth and nonpreference immigrants or to nonimmigrant temporary workers (H-2) performing services unavailable in the United States.

Occupational Preferences - The third and sixth categories of the preference system. Third preference allows for the admission of members of the professions, and scientists, or artists of exceptional ability. Sixth preference covers skilled or unskilled occupations for which labor is in short supply in the United States.

Orphan - For immigration purposes, a child whose parents have died or disappeared, or who has been abandoned or otherwise separated from both parents. An orphan may also be a child whose sole or surviving parent is incapable of providing that child with proper care and who has, in writing, irrevocably released the child for emigration and adoption. In order to qualify as an immediate relative, the orphan must be under the age of sixteen at the time a petition is filed on his or her behalf. To enter the United States, an orphan must have been adopted abroad by a U.S. citizen or be coming to the United States for adoption by a citizen.

Panama Canal Act Immigrants - Three categories of special immigrants established by P.L. 96-70, the Act of September 27, 1979: 1) certain former employees of the Panama Canal Company or Canal Zone Government, their spouses and children; 2) certain former employees of the U.S. Government in the Panama Canal Zone, their spouses and children; and 3) certain former employees of the Panama Canal Company or Canal Zone Government on April 1, 1979, their spouses and children. The Act provides for admission of a maximum of 15,000 immigrants, at a rate of no more than 5,000 a year. However, they are not subject to the worldwide ceiling.

Parolee - An alien allowed to enter the United States under emergency conditions or when that alien's entry is determined to be in the public interest. Parole is temporary and does not constitute a formal admission to the United States. Persons paroled into the United States are required to leave when the conditions supporting their parole cease to exist.

Per-Country Limit - The maximum number of immigrant visas that can be issued to any one country in a fiscal year. Independent countries can currently use no more than 20,000 visa numbers; their dependencies no more than 600 of that total. The per-country limit does not mean, however, that a country will be given 20,000 visa numbers each year, just that it cannot receive more than that number. Because of the combined workings of the preference system and per-country limits, most countries do not reach this level of visa issuance.

Port of Entry - Any location in the United States or its territories which is designated as a point of entry for aliens and U.S. citizens. All District and Files Control Offices are also considered ports since they become locations of entry for aliens adjusting to immigrant status.

Preference System - The six categories among which 270,000 immigrant visa numbers are distributed each year--Unmarried sons and daughters (over 21 years of age) of U.S. citizens (20 percent); spouses, and unmarried sons and daughters of lawful permanent residents (26 percent); members of the professions or persons of exceptional ability in the sciences and arts (10 percent); married sons and daughters of U.S. citizens (10 percent); brothers and sisters of U.S. citizens over 21 years of age (24 percent); and needed skilled or unskilled workers (10 percent). A seventh nonpreference category, historically open to immigrants not entitled to a visa number under one of the six preferences just listed, has had no numbers available since September 1978.

Principal Alien - The alien from whom another alien derives a privilege or status under immigration law or regulation.

Refugee - Any person who is outside his or her country of nationality and who is unable or unwilling to return to that country because of persecution or a well-founded fear of persecution. Persecution or the fear thereof may be based on the alien's race, religion, nationality, membership in a particular social group, or political opinion. People with no nationality must be outside their country of last habitual residence to qualify as a refugee. Refugees are eligible to adjust to lawful permanent resident status after one year of continuous presence in the United States. These immigrants are exempt from numerical limitations.

Refugee Approvals - The number of refugees approved for admission to the United States during a fiscal year. Refugee approvals are made by INS officers in overseas offices.

Refugee Arrivals - The number of refugees the Immigration and Naturalization Service initially admits to the United States through ports of entry during a fiscal year.

Refugee Authorized Admissions - The maximum number of refugees allowed to enter the United States in a given fiscal year. As set forth in the Refugee Act of 1980, P.L. 96-212, the annual figure is determined by the President after consultations with Congress.

Refugee-Conditional Entrant - An alien who entered the United States or who adjusted to lawful permanent resident status under the seventh preference category of P.L. 89-236, the Act of October 3, 1965. Visa numbers for conditional entrants were limited to six percent of the total numerical limitation. The seventh preference was abolished by the Refugee Act of 1980 (P.L. 96-212) and the six percent limitation assigned to second preference. At the same time, the worldwide numerical limit was reduced from 290,000 to 270,000.

Refugee-Parolee - A qualified applicant for conditional entry, between February 1970 and April 1980, whose application for admission to the United States could not be approved because of inadequate numbers of seventh preference visas. As a result, the applicant was paroled into the United States.

Region - Any one of four areas of the United States among which the Immigration and Naturalization Service's district offices are divided for administrative purposes--Eastern Region, Southern Region, Northern Region, and Western Region.

Relative Preferences - The first, second, fourth, and fifth categories of the preference system. The first preference allows the entry of unmarried sons and daughters (over 21 years of age) of U.S. citizens. Second preference covers spouses and unmarried sons and daughters of aliens lawfully admitted for permanent residence. Fourth preference allows for the entry of married sons and daughters of U.S. citizens. Fifth preference deals with brothers and sisters of U.S. citizens, provided such citizens are at least twenty-one years of age.

Required Departure - The directed departure of an alien from the United States without an order of deportation. The departure may be voluntary or involuntary on the part of the alien, and may or may not have been preceded by a hearing before an Immigration Judge. Data for a fiscal year cover the required departures verified in that fiscal year. Airlines, ship companies, or port officials provide the Immigration and Naturalization Service with the departure data on aliens required to depart.

Silva Immigrants - Immigrants from independent Western Hemisphere countries and their spouses and children who were issued preference numbers under the Silva Program (1977-1981). The Silva Program was instituted by court order to provide for the recapture of 144,946 preference visa numbers originally used for Cuban refugee adjustments. Silva numbers, although subject to an overall numerical limitation, were assigned in addition to the annual worldwide ceiling.

Special Immigrants - Certain categories of immigrants exempt from numerical limitations on visa issuance--persons who lost citizenship by marriage; persons who lost citizenship by serving in foreign armed forces; ministers of religion, their spouses and children; certain employees or former employees of the U.S. Government abroad, their spouses and children; Panama Canal Act immigrants; and certain foreign medical school graduates, their spouses and children.

Special Naturalization Provisions - Provisions covering special classes of persons who may be naturalized even though they do not meet all the general requirements for naturalization. Such special provisions allow: 1) wives or husbands of U.S. citizens to be naturalized in three years instead of the prescribed five years; 2) a surviving spouse of a U.S. citizen who served in the armed forces to file in any naturalization court instead of where he/she resides; 3) children of U.S. citizen parents to be naturalized without meeting the literacy or government-knowledge requirements or taking the oath, if too young to understand the meaning. Other classes of persons who may qualify for special consideration are former U.S. citizens, servicemen, seamen, and employees of organizations promoting U.S. interests abroad.

Stateless - Having no nationality.

Subject to Numerical Limitations - Condition imposed on all immigration to the United States, except for the immediate relatives of U.S. citizens, certain special immigrants, and refugees. The number of aliens accorded lawful permanent residence under the provisions of the preference system must not exceed 270,000 in any fiscal year. The preference system provides for the admission of relatives of citizens (other than immediate relatives), immediate relatives of lawful permanent resident aliens, aliens in specified occupations, as well as other immigrants.

Suspension of Deportation - A discretionary benefit adjusting an alien's status from that of deportable alien to one lawfully admitted for permanent residence. Application for suspension of deportation is made during the course of a deportation hearing before an Immigration Judge.

Transition Quarter - The three-month period--July 1 through September 30, 1976--between FY 1976 and FY 1977. At this time, the fiscal year calendar shifted from July 1 - June 30 to October 1 - September 30.

Unmarried Alien - An alien, who is not married at the time an application is filed.

Worldwide Ceiling - The numerical limit imposed on immigrant visa issuance worldwide beginning in FY 1979. The current ceiling totals 270,000 visa numbers. Prior to enactment of P.L. 96-212 on March 17, 1980, the worldwide ceiling was 290,000. The ceiling in FY 1980 was 280,000.
